RED OCEAN STRATEGY

Fighting over the
existing customers
by
having to choose between
differentiation vs. low cost

BLUE OCEAN STRATEGIES

- 1) Offer a breakthrough solution for an industry's existing problem
- 2) Redefine an industry's existing problem
and solve it
- 3) Identify and solve a brand new problem or seize a brand-new opportunity

indexAR
MAKES THE DIFFERENCE

indexAR is
a **TOOL** for
3D CONTENT DELIVERY
in
AUGMENTED REALITY

We are the

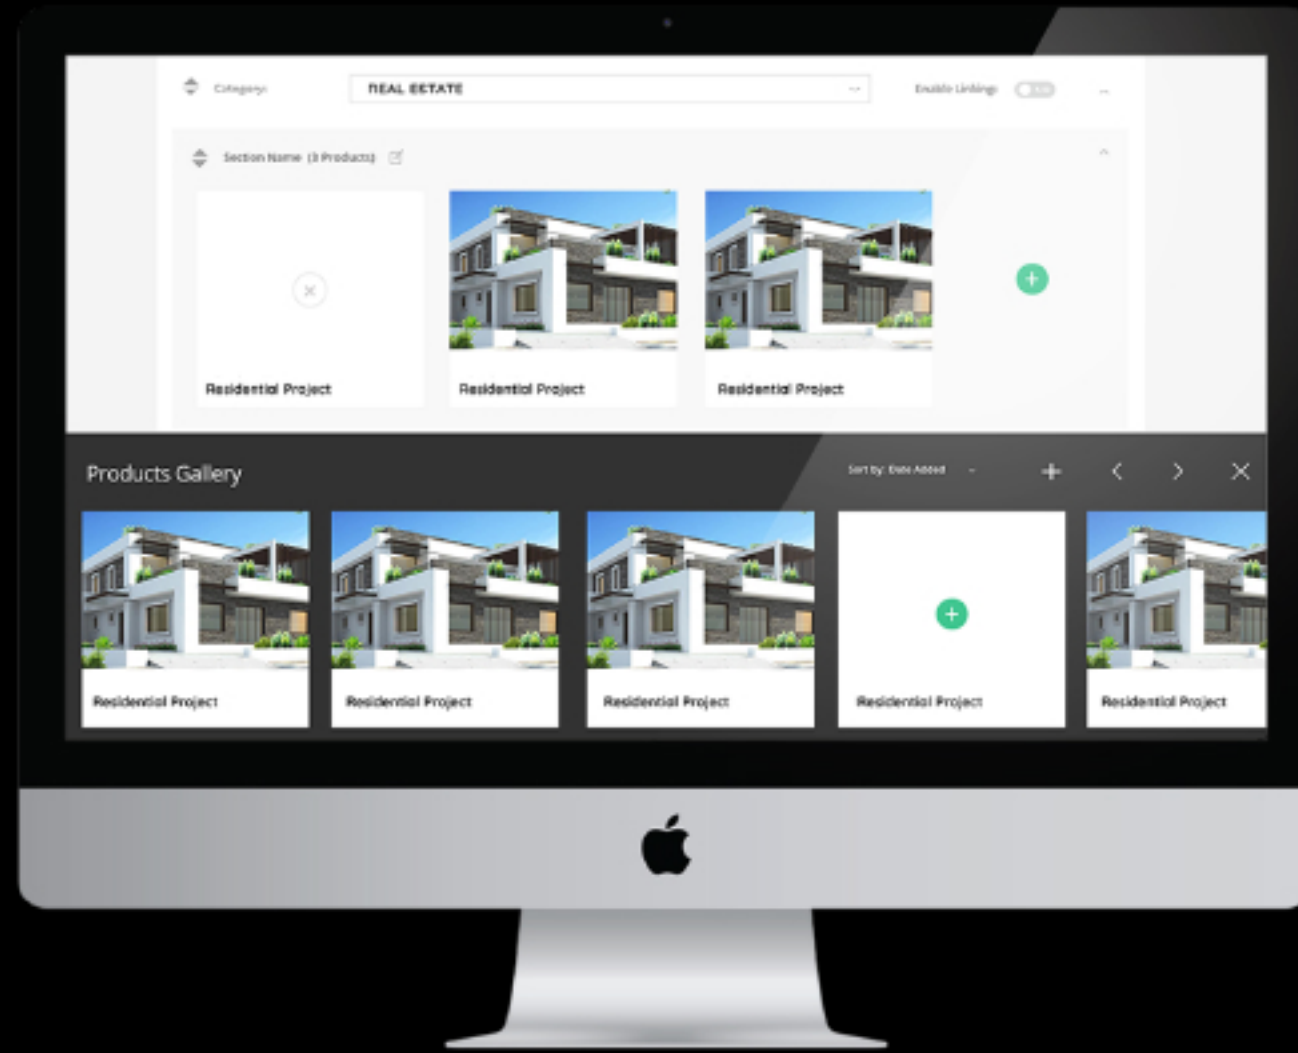

of
3D CONTENT

Through indexAR we are providing a service
that allows companies to

DELIVER
AR CAMPAIGNS
FAST and **EASY**

WE PROVIDE THE WEB PLATFORM & MOBILE AR APP

Allows companies
to **SETUP & DEPLOY** an
AR CAMPAIGN
in a matter of minutes
with just a few
drag & drop actions.

Allows customers,
with the help of their mobile device, to
BRING IN FRONT OF THEM
that company's entire product portfolio.

The AR SDKs we use:

ARKit

*compatible with iPhone 6S
or more recent models

ARCore

*compatible with more than
350 devices

1) NO app development costs

2) Included services

- assistance (web platform onboarding, developing the concept of an AR campaign);
- initial setup of an AR campaign;
- app upgrades (ex.DesignUX/UI, haptics, etc.);
- app maintenance.

3) 3D modelling

- preferential costs for 3D modelling through our partners.

CUSTOM AR APPS

COST: 30K - 100K EUR

DEV TIME: 3 - 9 MONTHS

SIMILAR SOLUTIONS

We differentiate through:

AFFORDABLE MONTHLY FEES
&
READY TO USE INFRASTRUCTURE

a mix of
FEATURES
&
PRODUCT DEVELOPMENT STRATEGIES

DIFFERENTIATORS - TECHNICAL FEASIBILITY

The mix of features and product development strategies:

1) Realistic AR experiences.

Continuous improvement of the visual quality of the AR scene by integrating new technologies or in-house development.

2) Lead generation tool.

indexAR is not just a simple AR viewer.

One of the main objectives is to provide a lead generation tool for companies.

We provide a smooth user experience that can end with a purchase or another action intended by the owner of the AR campaign.

3) Custom features.

We are developing custom features for our customers if the situation requires it.

4) Easy to integrate

Integrate with your website or other marketing tools through a link.

Conclusion:

A Top - Down approach is needed
in order to create a market trend for
using AR as a sales & marketing tool.
